**6. In each rating year the amount of the Regional Transport Rate shall be calculated as follows:**

- 6.1 The Region is divided into the following areas of benefit - Wellington, Lower Hutt, Upper Hutt, Porirua, Kapiti Coast (excluding Otaki Ward), Otaki Ward of Kapiti Coast District, Master-ton, South Wairarapa and Carter-ton.
- 6.2 The cost of public transport services and public transport infrastructure provided in each area of benefit is allocated on the following basis:
- 42.5% (congestion relief) to the area of benefit of origin and charged to residential properties in that district),
  - 42.5% (congestion relief) to the area of benefit of destination (to be charged to the commercial properties in that district),
  - 10% (concessionary) to be divided equally between the residential ratepayers in the area of benefit of origin and the commercial ratepayers in the area of benefit of destination,
  - 5% (social) to all ratepayers in the Region, with a 50% discount in Kapiti Coast District (including Otaki), and a 75% discount in Masterton, Carterton and South Wairarapa.

- 6.3 The cost of the total mobility programme is allocated between **each** area of benefit according to the actual expenditure in those areas of benefit where that information is available. Otherwise it **is** allocated on the basis of weighted population. A 50% discount is applied to rural properties to reflect their reduced access to the service.
- 6.4 The cost of regional transport planning **is** allocated between each area of benefit according to equalised capital value, a 75% discount to Master-ton, Carter-ton and South Wairarapa, and a further 50% discount applied to rural properties to reflect that metropolitan areas are the major beneficiaries of transport planning.
7.
