

information about

increases to

the **bus services**

in **Eastbourne.**

Cityline and the Wellington Regional Council have just made it easier to catch a bus in Eastbourne.

We've more than doubled the number of express buses into Wellington to five! With three additional express trips there are now 20 services between 6am and 9am. At morning peak times your next bus is only 5 to 10 minutes away. See the reverse for the new am peak timetable.

And of course Cityline's regular return trips operate all day with an afternoon peak schedule every 5 to 15 minutes.
