Dear Mr Benham

The Tawa Community Board at its meeting on Thursday 8 February 2007 discussed a paper regarding the realignment of the Porirua Stream at Findlay Street.

Following discussion the Board then resolved the following:

*THAT the Tawa Community Board:*

1. *Receive the information.*
2. *Support in principle the bifurcation option, being option 1B – full diversion with bifurcation at north end, subject to more detailed analysis of the detailed design and a full environmental assessment of the impacts of stream straightening.*
3. *Write a letter to the Greater Wellington Regional Council to urge them to proceed as quickly as possible to implement this initiative.*

The Board will look forward to Greater Wellington's response in due course.

Yours sincerely
